

## Career opportunities in the modern greek industry

Secondary Education students in Corinth, Kiato, Thiva, Livadia and Kissamos of Chania, discover the career opportunities and prospects the modern greek industry offers, via the project "**Career opportunities in the modern greek industry**", throughout the school year 2021-2022.

Executives of Cenergy Holdings, Hellenic Cables and Corinth Pipeworks, companies with great history and specialization, will share their experiences and knowledge with the students, in order to inform them about:

1. The new work environment being shaped in the modern greek industry
2. The contribution of the collaboration between the two sexes as a development factor for innovation and creativity in modern industry
3. The job trends and new careers appearing in the industry-related sectors

An additional goal of the project is to become a means of inspiration for the students, in order for them to start envisioning their future in their home place, a place they know extremely well and prepare their next steps more effectively by learning the future trends, the required skills and the way modern workplaces operate.

The project is implemented with the support of the companies Cenergy Holdings, Hellenic Cables and Corinth Pipeworks.
